Boys volleyball is on the rise in Florida, and this is your chance to be part of it—for FREE. Our boys volleyball league is built to support, grow, and spread the word of boys volleyball across the state while giving athletes a real high-school-style experience.

First four weeks: practice on strong fundamentals, skill development, and building a competitive edge in a high-energy environment.  
Second four weeks: competition begins—the teams formed during training will face off in organized games that mirror FHSAA high school match play, happening during the same season and time as official high school teams.
